USA v. BRANDON
LOYD

To whom it May concern

I've known Brandon since birth he was the oldest of five children, so he was always caring for them a lot of responsibility was always placed on his shoulders at a young age. As he got older and started to realize he needed to do something with his life he chose the Marines, and with me being a former Marine I was proud he made the right choice and happy he was getting out of the city. Right now Brandon would be getting out the service or re-enlisting, his ~~o~~ actions not only ~~also~~ changed his life but also his daughter. Once he gets his life on the right track ~~get~~ get released he will be a father to his daughter and a young man ready to live and work within society.

To whom it may concern,

My name is Danielle 40 years old.
I'm Brandon Loyd older cousin.

I've known Brandon Loyd his whole life. Very smart and talented young man. He attend Omstead High School, where you have to take a test. And kind of high. He loved to ride skate boards. He had a bright future in going into the Marine Corps. Once he graduated from high school. About maybe a year before Brandon was eligible. The area that Brandon had moved to. Brandon had started getting bullied. He started hanging + entertaining the wrong people. That wasn't so positive.

I speak with Brandon all the time. Regarding his actions. Brandon always expresses to me. That he regrets doing what he did. And that he's truly sorry. And that he understands he must face the consequences for his actions. He plans on getting his GED while he's incarcerated. So when

he gets out of jail. He can finish school and get a job. I ask Judge to have some leniency when sentencing Brandon.

Sincerely yours
Thank you
